

LB Associates

LB Associates is a management consulting firm that focuses on project management. We also work on process mapping and improvement. Through business consulting, mentoring and training services, LB Associates helps its customers improve their project performance by assisting in implementing best-practice processes in conformance with the Project Management Institute standard. We work with customers to select projects that align best with the organization's strategic plan; to clearly define the scope, schedule cost and other aspects of the project plan, and then to execute and monitor the project through its stages.

About Lou Bergner

Lou is a Project Management Professional and holds a Masters' degree in Business Administration. He has more than 15 years of project management experience implementing and administering small to medium sized projects in numerous countries and industries, and training and mentoring in project management and business analysis best practice. Lou is a skilled project manager from initial planning through implementation and he has the ability to effectively take on any role within a project team. He has strong interpersonal and management skills and is comfortable working with technically and culturally diverse staff. He blends a manager's perspective with project management skills and technology to take maximum advantage of a customer's business processes.
