

What our clients say about the TBAA advisors

About **Jim Dixon**

"A truly rewarding experience.

Jim is very knowledgeable and approachable..... an excellent sounding board. The coaching sessions were always comfortable, informal and informational. This facilitated consensus building and improved decision making on my part.

Jim has a tremendous capacity to listen, with an unbelievable level of skill to assist in developing clarity. During my interactions with coach Dixon, we developed solutions with clear, practical actions. As a result I have gained capacity and greatly improved my business effectiveness and life skills.

It was very much like talking to a wise old friend".

About **Lou Bergner**

I enjoyed the class tremendously and got a lot out of it. It was a pleasure to have an instructor who is a true project management geek (I hope you take that as a sincere compliment)...

It's not enough to simply know the material. Your ability to provide real world examples from your obvious experience, along with a real passion for the topic (and making sure we got it) made all the difference. You are truly a knowledgeable and engaging instructor and an interesting person to boot! I certainly hope I am able to take another class from you in the future.

Thanks for making this one of the best and most timely classes I've had the pleasure of attending.

About ***Elizabeth Cornish***

Elizabeth seemed to know us better than we knew ourselves. We have struggled to help people understand who we are and what we do, and we believe that we will be more successful in doing that going forward. This is the start of a whole new future of going Beyond Possibilities."
